www.linkedin.com/in/kishore-kumar-s-2b0889264 Tiruchirappalli, Tamil Nadu

SUMMARY

Electronics and Communication Engineering student with strong technical and analytical skills supported by a solid academic foundation. Possesses hands-on experience in PCB design, SMT assembly processes, EPC testing, and machine learning. Seeking core roles in Electronics Manufacturing Systems, embedded systems, and research to contribute effectively to real-world engineering challenges.

EDUCATION

- B.E – Electronics and Communication Engineering**, Saranathan College of Engineering, Tiruchirappalli, Tamil Nadu (2022–2026) | CGPA: 8.935
- Higher Secondary (HSC)**, St. Little Flower Matriculation Higher Secondary School, Tiruchirappalli, Tamil Nadu (2021–2022) | Percentage: 92.33%
- SSLC**, St. Little Flower Matriculation Higher Secondary School, Tiruchirappalli, Tamil Nadu (2019–2020) | Percentage: 87.2%

EXPERIENCE

- Research Intern — IIT Tirupati Navavishkar I-Hub Foundation (IITTNiF)** (October 2025 - December 2025)
Studied GNSS and PNT concepts; analysed GPS/NavIC data for ionospheric irregularities, developed ML models, and submitted a related research paper during internship.
- Graduate Engineering Trainee - Bajaj Engineering & Skills Training (BEST) Centre** (January 2026 - Present)
Pursuing Bajaj Engineering Skills Training (BEST) – GTE (EMS) at SASTRA University, Thanjavur, a 4-month residential program with 70% practical and 30% theoretical training. Hands-on experience with industrial lab equipment covering PCB Design, SMT Assembly Line, and Electronic Product Compliance (EPC).

SKILLS

- Technical Skills:** PCB Design (KiCad, Cadence Allegro), SPICE Simulation, Electronics & Testing, Embedded & Core Electronics Concepts, Data Analysis, Machine Learning, Research, MATLAB, C, C++, Java, Python
- Soft Skills:** Problem-solving, Teamwork, Time Management, Adaptability, Leadership, Active Listening

PROJECTS

- IoT-Based Colour Sorting Machine:** Developed a microcontroller-based automated colour sorting system using sensors and embedded control logic for real-time object classification and actuation.
- Solar Radio Flux Measurement Using LPDA Antenna and SDR (Live Project):** Designed and implemented a solar radio flux measurement system using an LPDA antenna, RF filters, a low-noise amplifier, and Software-Defined Radio (SDR). Performed signal processing and validated results through comparison with BOM reference data.
- Indian Sign Language to Text/Speech Translator:** Developed a web-based application using YOLO and TensorFlow Lite to convert Indian Sign Language gestures into text and multilingual speech using GTTS and Google Translate API.
- Smart Fire Extinguisher System:** Designed an Arduino-based vehicle fire detection and suppression system integrating flame and temperature sensors, with a SIM800L module for real-time SMS alerts.
- PCB Design Projects:** Designed and simulated DC-regulated power supply, mini-inverter, motor driver, and rectifier circuits using PCB design tools.

CERTIFICATIONS

- **Microsoft Certified:** Azure AI Fundamentals (AI-900) – 85%
- **NPTEL** – Introduction to Internet of Things (Elite – Gold, 97%, Top 1%)
- **NPTEL** – Sensor Technologies: Physics, Fabrication and Circuits (Elite – Silver, 83%, Top 5%)
- **NPTEL** – Electronic Systems Design: Hands-on Circuits and PCB Design (Elite – Silver, 88%, Top 5%)
- **Programming Courses:** C/C++ (120-hour, A+ grade, IAFC Training Institute), Java (120-hour, A+ grade, IAFC Training Institute), Python Essential Training (LinkedIn Learning)

ACCOMPLISHMENTS

- **Presented research papers** at three international conferences: ICIECST-2025, ICAVCNS-2025, and ICAAN-2025.
- **Published research articles** in the **Journal of Atmospheric and Solar-Terrestrial Physics (Elsevier)** on TEC prediction using XGBoost and Optuna, and in **Acta Geodaetica et Geophysica** on TEC prediction using SVM during X-Class solar flares.
- Awarded **Certificate of Merit (2022–2023)** for securing 2nd rank in department university examinations.
- Participated in two **Smart India Hackathon (SIH)** projects and achieved internal selection.
